**Understanding the Fundamentals**

**Active vs Passive Voice** The core difference between active and passive voice lies in the sentence structure and the emphasis placed on the subject

**Active Voice** The subject performs the action The sentence follows the structure Subject Verb Object For example The dog chased the ball Dog Subject chased Verb ball Object

**Passive Voice** The subject receives the action The sentence follows the structure Object be verb past participle by Subject For example The ball was chased by the dog Ball Object was chased Verb phrase dog Subject Note that the passive voice often omits the agent by the dog in our example This can be stylistically effective but it can also lead to vagueness

**Why choose active voice** Active voice is generally preferred for its clarity conciseness and directness It makes your writing more engaging and easier to understand Consider these advantages

- Clarity** The subject of the sentence is immediately clear leaving no room for ambiguity
- Conciseness** Active voice sentences are usually shorter and more impactful
- Strength and Directness** Active voice conveys a stronger more decisive tone
- Readability** Active voice improves the overall flow and readability of your writing

**Why choose passive voice** While less frequently preferred passive voice serves specific purposes

- Emphasis on the action not the actor** When the action itself is more important than who performed it eg The window was broken
- Objectivity** Passive voice can create a more objective tone useful in scientific or technical writing
